

Child Protection Report

April 2017

This year I have been added to the mailing lists for both CCPAS and the diocese Children and Young People's Newsletter, enabling me to keep up to date with any relevant training and safeguarding issues.

One specific safeguarding alert was received from the diocese in January 2017: it was shared with Martin and appropriate measures put in place.

I continue to maintain up to date safeguarding awareness through my role as a local teacher.

No parish specific safeguarding concerns have been reported to me this year.

Zoe Bromwich

Children and Young People's Representative
